

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AN INVESTIGATION OF TOLL AND ACCESS)	
CHARGE PRICING AND TOLL SETTLEMENT)	
AGREEMENTS FOR TELEPHONE UTILITIES)	CASE NO. 8838
PURSUANT TO CHANGES TO BE EFFECTIVE)	PHASE IV
JANUARY 1, 1984)	

O R D E R

On January 13, 1988, Cincinnati Bell Telephone Company ("Cincinnati Bell") filed an application for rehearing on the Commission's Order of December 9, 1987. However, Cincinnati Bell's application does not contest any provisions of that Order and, therefore, the Commission will not grant rehearing.

Instead of contesting the Commission's Order in this case, Cincinnati Bell's application refers to objections that it may have to pending Order(s) in Administrative Case No. 311,¹ in which the Commission may adopt an alternative to the current ULAS² allocator. The Commission advises Cincinnati Bell that should it have objections to any alternative allocator or administrative procedures that may be adopted, then Administrative Case No. 311 is the appropriate forum in which to request rehearing.

Accordingly, the above is HEREBY ORDERED.

¹ Investigation of IntraLATA Carrier Billed Minutes of Use as a ULAS Allocator.

² Universal Local Access Service.
